DETAILED ACTION

1. This office action is in response to the amendment filed on April 29, 2009.
2. Claims 43-83 are currently pending. Claims 43-56, 58-77, and 80-83 have been withdrawn previously.
3. Claims 57, 78, and 79 are currently under examination.

Withdrawal of Rejections

4. The rejection of claim 57 on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claim 8 of U.S. Patent No. 6,855,556 B2 is withdrawn based on the remarks filed April 29, 2009.
5. The rejection of claims 57, 78, and 79 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement is withdrawn based on the amendment to claim 57 to recite a SEQ ID NO: for the composition.

Pending Objections

Election/Restrictions

6. Claim 57 is allowable. The restriction/election of species requirement between distinct conjugated and/or complexed molecules, as set forth in the Office action mailed on March 17, 2009, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 58-63, directed to species no longer withdrawn from consideration because the claim(s) requires all the limitations of an

allowable claim. However, claims 43-56, 64-77, and 80-83, directed to distinct species with multiple substitutions are withdrawn from consideration because they do not require all the limitations of an allowable claim. The mutated glucose/galactose binding protein is not limited to allowable SEQ ID NO: 1 that is substituted and conjugated and/or complexed.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

7. A complete reply to the final rejection must include cancellation of nonelected claims (43-56, 64-77, and 80-83) or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Conclusion

8. Claims 57-63, 78, and 79 are allowable.
9. Claims 43-56, 64-77, and 80-83 are withdrawn.
